Hi Brian,

I have been in touch with MPCA enough to know that they've completed sampling approximately 90 residential wells, all of the landfill monitor wells, and they've installed/sampled 5 new perimeter wells between WDE and the Red Oaks neighborhood. I have not seen a final report yet. I did get this draft figure showing results from the new wells last week, attached.

I'm also still waiting for their final report about the summer field work on Bunker Lake Blvd., which I'll send to you ASAP.

I haven't heard anything about the oversight bill yet. That is handled by a different part of the program. I'm sure we'll be sending a bill though, since I spent time on the project this year.

Let me know if you have any further questions.

Thanks,  
Stephanie

Good afternoon Stephanie,

The Group is wondering if you have received any further information from MPCA concerning their work along Bunker Lake Boulevard or at WDE Landfill?

In addition, we are wondering if the EPA plans to submit an oversight bill for this project to SAAG at the end of the year. If so, would you happen to know the amount?

Thank you

Regards,  
Brian
